### **Medical definition**

- Pain is a signal in your nervous system that something may be wrong. It is an unpleasant feeling, such as a prick, tingle, sting, burn, or ache. Pain may be sharp or dull. It may come and go, or it may be constant.
- acute pain, chronic pain, breakthrough pain, bone pain, soft tissue pain, and nerve pain.
- an uncomfortable sensation that usually signals an injury or illness

### **Pain manifests**

As an alert.....

That you have injured your body

That you have a possible condition developing in it

As a 'threat' of one

As a result of a 'calamity' of life: surgery, accidents, etc.

As a 'gauge' of healing progress (i.e. scar tissue, etc.)

As a demonic activity

## **Your response**

Go on the offense.....

Remind yourself of Isaiah 53:4: "Himself has borne my sickness and carried my pain."

Borne: took the punishment for my healing

Carried: bore away pain

"Pain, GO from me NOW in Jesus' Name!"

"No pain, in Jesus' Name - no pain, pain stop!"

"My body is pain free! A pain free body is a well body, a healed body. I have a pain free body, in Jesus' Name!"

## **Testimony:**

**PAIN WE COMMAND YOU TO LEAVE IN JESUS NAME**

There is a young lady that comes to my home group teaching session and about 3 months ago she explained to me that she suffers with really bad stomach pains and is in pain every single day. I held a teaching session about praying and this involved the Bible scripture, ask, seek and knock and I explained that we should bang on the door to Jesus Christ if we really want a prayer answered and continually ask. So she went home and prayed about 40 times to God (she stayed up all night praying to God and she explained that her stomach was burning all night but she explained that this was a nice warm feeling) and she was healed but about 3 months later the pain started to come back. About 2 weeks ago her boyfriend rushed her to hospital as the pain was so bad. The hospital could not find any cause for the pain and just gave her some pain killers. Now it was the day for another one of my teaching sessions and just as we had finished she fell to the floor in severe pain, well we

all (me and the youth, i was so proud of them all as they rushed to her aid in faith) rushed to her aid and laid hands on her commanding the pain to go in the name of Jesus. After just 5 minutes the pain left but after another 5 minutes the pain was back. So once again we all rushed to her aid and this time we said 'everything below the Earth, on the Earth and above the Earth must bow down and obey to the name of Jesus Christ, now pain we command you to leave in Jesus name'. The pain left and we asked God to fill her with the Holy Spirit. She sat up and said that all her stomach felt warm and numb and she was laughing and has had no pain since (it has been over 2 weeks now). Glory to God, Jesus is our healer and He never said if you're in pain please see Luke as he's the doctor.
